TAPES

OPP Tapes / Box Sealing Tapes ★

An economic acrylic tape made with quality polypropylene material commonly used for sealing boxes and packages for shipments. The most common widths are two to three inches wide and made from a polypropylene or polyester backing.

id	Description / Size	Rolls per pack	\$ per roll			
			1 pack+	4 packs+	10 packs+	12 packs+
165	3M Transparent Tape 305 - 48mm x 90m	6		2.50		2.14
302	OPP Brown Tape - 48mm x 45m	6		0.85		
3999	OPP Brown Tape - 48mm x 90m	6		1.20		
3389	OPP Transparent Tape - 48mm x 45m	6		0.80		
301	OPP Transparent Tape - 48mm x 90m	6		1.10		
2944	OPP Tape Machine Roll - 48mm x 900m	6	16.90	14.80		13.20
4677	OPP Transparent Tape - 72mm x 90m	10	4.00		3.60	

Cloth Tapes

A high quality polyethylene laminated cloth adhesive tape. It provides a good workability and vapour resistance. Ideally for heavy weight packaging, sand blasting, jointing protection sheets and others.

Available in **9 colours**

id	Description / Size	Rolls per pack	\$ per roll	
			1 pack+	6 packs+
348	"Stick & Bond" Cloth Tape - 48mm x 8m	10	1.89	1.50
4659	"Stick & Bond" Cloth Tape - 48mm x 50m	6	10.95	8.60

Double Sided Foam Tapes

Excellent adhesion on both sides and holding power, used for bonding printed plate in the electronic industry, rubber board, handicraft, stationery and for fixing objects.

id	Description / Size	Rolls per pack	\$ per roll	
			1 pack+	6 packs+
4417	Double Sided Foam Tape - 12mm x 10m	24	2.68	2.13

Inner Bubble Cushioning & Hot Melt Adhesive Flap With Parallel Easy Tear Strip

Poly Mailers ★

Cost-efficient quality mailers with dual co-extruded polythene film with inner grey and outer white. This durable poly mailing bag provides a completely opaque covering for privacy and professional appearance. Poly Mailers are self-sealing and made with virgin PE material which is a high strength, pressure-sensitive adhesive that provides secure closure. It is a fine solution for shipping a wide variety of non-fragile items and ensures shipping labels adhere securely to the outer bag. Convenience for shipment preparation time combines with the lightest poly mailers and will help with cost-saving as well.

- High engineering standard and simple design
- Easy operation, simple maintenance
- Hinged stainless steel top plate
- Mechanical outside tension control
- Rigid castors with brake
- Energy efficient, motor only runs as needed
- Reliable P.C. Board Control
- Affordable for every budget
- Offer maximum total value among competing brands
- Proven quality

- Durable and heavy-duty strapping machine designed to withstand various harsh environments.
- Amazingly quiet to operate and well suited for office use also.
- It has less moving parts, which makes it easy to maintain and keeps the operation cost low.
- All electric parts are arranged in one side of the machine, enclosed in the cabinet, for easy maintenance and protection of crucial parts.
- It runs strap from 5 millimeters to 15.5 millimeters (5/8 inches) without additional parts.
- Tool-free access to frequently accessed areas for easy maintenance.

STRAPPING

Polyster (PET) Strapping & Tools

Polyester Strapping is the practical alternative to steel straps. Polyester straps are particularly suited for applications where tension recovery and high strap performance are important.

COMPRESSED WOOD PALLETS

Manufactured and designed as an alternative to standard wooden and plastic pallets. Standard wooden pallets are often subjected to strict import restrictions and plastic pallets to environmental accusations. Made from materials ranging from recycled wood chips to agricultural residue fibre, these pallets are produced to be eco-friendly and in compliance with ISPM 15 guidelines for wood packaging.

- No need for heat or fumigation treatment
- Space saving – Nestable
- Logistics cost relatively low due to light weight
- Environmental friendly
- Termite and weather resistant
- Raw material and recyclable
- Free of nails, rounded edge for better shrink wrap

compared to traditional wood pallet

LABELS & RIBBONS

Barcode Thermal Transfer Labels ★

Used for product ID, record keeping, lab specimens, circuit board manufacture, outdoor, cold storage and the like, thermal transfer labels are ideal for printing long-lasting variable data. These labels typically offer greater durability than direct thermal, sheet style inkjet or laser labels.

id	Description / Size	Packing (pieces per roll)	\$ per roll

HAZMAT Labels ★

Labels are standard hazmat identifiers, designed to meet regulations and cost effective solution. Hazard class labels and handling labels are placed on hazardous material packaging. Hazmat labels are affixed to packaging offered for transport. They must be printed on or permanently attached to one side of the packaging.
